ST. CLARET COLLEGE

NURTURING VALUES AND EXCELLENCE

DEPARTMENT OF COMPUTER SCIENCE

The Department of Computer science at St. Claret College imparts holistic education and training to the students to meet the challenges of Information Technology. The Department strives hard to enrich the curriculum as per the current industry requirements and to make the students job-ready. Classroom teaching is supplemented with add-on and specialization programmes. The experimental learning strategy of the Department, ANUSANDHAN enhances the confidence level of students by creating knowledge through the transformation of experience. LAKSHYA, one of the best practices of the Department, encourages promoting research aptitude among the students in a unique manner. Extension programmes, skill development workshops, peer-teaching, and e-learning activities of the Department offer a special learning experience to the students. The value-added programmes of the Department in association with reputed organizations enhance the technical skills of the students to make better career opportunities possible. The constant motivation and guidance experienced by the students of the Department help them to accomplish Bangalore University ranks.

GENERAL RULES

1. Judges' decision is final for all events, and any breach of conduct by the participants will result in immediate disqualification.
2. Each participant must provide a valid college ID card. The college with maximum number of participants will be given extra points.
